Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Public Accounting and Auditing, 1920, Vol. 2 This is the second volume of a two-volume series. This volume relates to various phases of accountancy dealing principally with problems encountered by the practicing public accountant and auditor. As each topic is taken up, it is discussed as to accounting principles and practice. Chapters One to Three relate to partnership accounting problems, the discussion covering transactions incident to organization, operation and dissolution. Chapters Four to Seven relate to corporation accounting problems, the discussion covering transactions incident to organization; transactions incident to the handling of various classes of capital stock; transactions relating to dividends, and the accounting for mergers and consolidations. Chapters Eight to Eleven relate to systematization in which appear a discussion of Mercantile Accounting, Departmentalization, Flour Mill Accounting and Cost Accounting. Chapters Twelve to Fifteen relate to the Federal Income and Surtaxes on Individuals and to the Federal Income and Excess Profits Taxes on Corporations. Two chapters are devoted to individuals and two to corporations. The questions for class discussion and the problems for practice work are selected from the C. P. A. and Institute examinations. The author has...
