MICHAEL F-ING BAY: THE UNHERALDED GENIUS IN MICHAEL BAY S FILMS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.His movies have cumulatively earned \$2.4 billion in the domestic box office, making him the second most-successful director of all time, right behind Steven Spielberg. If one gathered the top six directors in that category, that same man would be only one of the half-dozen to not also be in possession of an Academy Award: Michael Bay. Commercial success and meaningful art dont always go hand-in-hand, but is it possible for a filmmaker to consistently hit his mark with the audience without truly doing something right artistically? Professional critics have long taken aim at Bays music-video-honed visual style, full of fast cuts, moving camera shots, hot women. The internet is full of negativity and scorn for the director too, but has anyone truly given Bays oeuvre the benefit of the doubt? Michael F-ing Bay: The Unheralded Genius in Michael Bays Films is the first-ever attempt to approach the Bay catalogue from an intellectual standpoint. Come ready to find the deep subtexts and profound meanings in Michael Bays filmography. EXPERIENCE the controversial discussion about mans relationship with God buried withinArmageddon! DISCOVER how Pearl Harbor demonstrates that emotional truth is far more vital than strict adherence to actual historical events!LEARN how The Island is a pointed allegory attacking the proliferation of remakes and reboots that Hollywood produces!UNDERSTAND the vulnerable confession that Michael Bay offers under the cloak of a true-life Miami crime story inPain Gain! And much more!.
