Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Verso Books. Paperback. Book Condition: new. BRAND NEW, Reading Capital, Louis Althusser, Etienne Balibar, Establishing a rigorous program of "symptomatic reading" that cuts through the silences and lacunae of "Capital" to reveal its philosophical core, Louis Althusser interprets Marx's structural analysis of production as a revolutionary "break"--the basis of a completely new science. Building on a series of Althusser's conceptual innovations that includes "overdetermination" and "social formation," Etienne Balibar explores the historical and structural facets of production as Marx understood them, scrutinizing many of the most fundamental points in "Capital," as though for the first time.
